

APWT Project Submission Guideline :: Summer 2019-2020

Dear Students,

Please follow the 2 steps document submission process carefully:

- Online evaluation form submission
- Document submission via VUES

Online evaluation form submission

- Go to the link:
https://aiubedu60714-my.sharepoint.com/:x/g/person/alamin_aiub_edu/EXw8bK2Z30RDorgRujXR4AIBWwkkwc502HvgeiJZMASDIg?e=eK0Ezl
- Find your worksheet g1, g2, g3 ...

- Fill up only the marked section.

Course Title	Advanced Programming In Web Technology	Section	A	Group	g15	
Project Title:						
Group Information:						
SIS	Name	Id				
1						
2						
3						
4						
Evaluation: [PROJECT]						
No.	CRITERIA	WEIGHT	M1-ID	M2-ID	M3-ID	M4-ID
			0	0	0	0
1	Use of Middleware (2)	5				
2	Reports generation (pdf/excel) (2)	5				
3	Third party library (package) (1)	5				
4	Server-side validation (All forms)	6				
5	DB migration/Auth	5				
6	System Merged (T)	5				
7	Microservice (1)	5				
8	Use of AJAX (2)	5				
9	No. of Completed Features	15				
10	Use of JSON (2)	5				
11	Tools (PM/VC) (2)	5				
12	API Integration (1)	5				
13	Social Login (1)	[BONUS]				
14	WebRTC/Socket.io (1)	[BONUS]				
TOTAL		70	0	0	0	0

- Everyone must fill up this excel. Make sure your input value is same as the evaluation form you will upload in VUES.

5. **Deadline: Tomorrow (26-09-2020) at 7:00 AM**

Document Submission via VUES

0. Find your group name (g1, g2, g3 ...) from the attachment: **Summer 19-20 Final Schedule APWT [A][Update].pdf**

1. Create a folder with group name & project title - see below:

Name	Date modified	Type	Size
g1-University Management System	9/22/2020 1:23 PM	File folder	

2. Create two more folders inside the newly created folder (step 1):

Name	Status	Date modified	Type	Size
Final Project		9/25/2020 6:41 PM	File folder	
Mid Project		9/25/2020 6:41 PM	File folder	

3. Place the following documents inside the Mid project folder & Final project folder:

[for midterm folder]

- Midterm_Project_Proposal.docx (features list by user),
- Project source code.zip (completed & merged project source code, except **node_modules** folder but **package.json** file should be there).
- Exported Database SQL file.
- readme.txt file contains the project repository & version info.

Name	Status	Date modified	Type	Size
1.Midterm_Project_Proposal.docx		9/25/2020 6:49 PM	Microsoft Word D...	
2.source_code_School_Management_Sys...		9/25/2020 6:49 PM	WinRAR archive	
3.Database.sql		9/25/2020 6:51 PM	SQL File	
readme.txt		9/25/2020 6:58 PM	Text Document	

[for Final term folder]

- Finalterm_Project_Proposal.docx (features list by user),
- Project source code.zip (completed & merged project source code, including **vendor folder & .env** file).
- Exported Database SQL file.
- Project evaluation form.docx
- readme.txt file contains the project repository & version info.
See below:

Name	Status	Date modified	Type	Size
1.Finalterm_Project_Proposal.docx		9/25/2020 6:49 PM	Microsoft Word D...	
2.source_code_School_Management_Sys...		9/25/2020 6:49 PM	WinRAR archive	
3.Database.sql		9/25/2020 6:51 PM	SQL File	
4.Project_evaluation_form(filled).docx		9/25/2020 7:04 PM	Microsoft Word D...	
readme.txt		9/25/2020 7:06 PM	Text Document	

```

readme.txt - Notepad
File Edit Format View Help
Laravel_version: 4.8.4
Composer version: 1.10.6
Git Repository: https://github.com/alaminn200290/SMS

```

4. Zip the main folder (step 1).

Name	Date modified	Type	Size
g1-University Management System	9/22/2020 1:23 PM	File folder	
g1-University Management System.zip	9/22/2020 1:29 PM	WinRAR ZIP archive	214 KB

5. Upload the zip folder to your oneDrive account & get the download link

6. Create a txt file with your group name. Ex: **g1.txt** & put the download link inside the txt file.

7. Upload the txt file to your VUES account under "Project Submission" option. (**One submission from each group**)

8. **Deadline: Tomorrow (26-09-2020) by 6:00 PM**
